Scholarship Program:

The Loudoun Volunteer Services Student Scholarship Program has been established as an annual award for graduating seniors, one for each Loudoun County Public High School and one for a private school graduate.

The scholarships recognize individuals who have made a significant contribution through their volunteer efforts and place emphasis on a demonstrated interest in the community more than academic or athletic excellence.

To obtain more information and an application, please contact Loudoun Volunteer Services at 703-777-0113 or your school's guidance office.
